

CENTRON™ FUELS

Tomorrow's
Technology
Today

**Proven Fuel Savings
Lower Maintenance Cost
Increased Performance
Used by Major Fleets**

DIESEL "ALL IN ONE" FUEL TREATMENT

**Increasing Fuel Economy While Reducing Maintenance Costs,
Improving Performance & Lowering Harmful Exhaust Emissions**

Centron is a Patented Multifunctional Distillate Fuel Additive that is **"PROVEN"** to Provide the Following **"All in One"** Performance & Preventative Maintenance benefits:

- **Improves Fuel Economy by 5% - 15%**
- **Reduces visible exhaust & toxic exhaust emissions by 30% - 50%**
- **Acts as a lubricant providing "top oil" lubricity to protect vital engine parts (ULSD)**
- **Fuel injector & fuel system cleaner...reduces carbon & EGR soot buildup**
- **Increases horsepower with cetane boost of up to 8 points**
- **Contains emulsifiers to remove moisture**
- **Acts as an algacide to maintain fuel integrity**
- **Acts as a corrosion inhibitor**
- **Acts as a fuel stabilizer to reduce contamination**
- **Lowers fuel surface tension affecting a more complete fuel burn**
- **Reduces maintenance cost & extends equipment life**

40CFR80.591 Compliance Statement:

The sulfur content of this diesel fuel additive does not exceed 15 ppm. This is an EPA Registered Fuel Additive Product.

Centron Safety & Financial Benefits:

- > **Comprised of environmentally safe biodegradable petrochemicals**
- > **Will not harm engines, engine parts, fuel lines, or storage tanks**
- > **Does not void engine manufacturer's warranties**
- > **Works in all diesel & gasoline engines without modification**
- > **Does not contain alcohol, methanol, isopropyl, MBTE, sulfur or metal**
- > **EPA registered, Patented, California CARB approved, MSDS listed**
- > **Blended by Brenntag, ISO 9002 compliant**
- > **EPA, SAE & Field Tested for over 7 years & 300 million miles**
- > **Cost effective @ \$0.10 per treated gallon**
- > **Pays for itself with just 2% - 3% fuel savings**
- > **Typical ROI (return on investment) is 300% - 800%**
- > **Used by Major Fleets: U.S. Foodservice, Dean Foods, others.....**
- > **Dosage Rate = 1 gallon Centron : 320 gallons of fuel**

“Centron is an Excellent Choice for PM and Precaution against Fuel Related Problems”

"Give a Diesel Engine Clean Fuel and it will Run Forever"

This is less of an exaggeration than you might think. Repair statistics show that 90% of diesel engine problems stem from contaminated fuel. The potential of eliminating 9 out of 10 failures should put fuel-system maintenance at the top of your list.

Don't Risk your Biggest Investment - Centron is Arguably the Best Preventative Maintenance & Performance Fuel Additive in the Market

A Survey of Fleet Managers Reveals What to Look for in a Proven Fuel Additive and How Centron Diesel Fuel Additive Stacks Up

1. Is the product patented? Few are so this provides a strong measure of legitimacy
Centron is patented in the U.S. & over 20 other Countries Worldwide
2. Is the product EPA registered?
Centron is EPA Registered and CARB approved
3. Has the product been sufficiently tested to support its claims?
Centron is EPA, SAE, Dyno, Lab & Field Tested with documented results to support its claims
4. Does the product have a track record? - Been in the market for longer than 3 years?
Centron has over 300 million miles of "PROVEN" performance results
5. Is the product being used by reputable customers and for how long?
Centron is being used by major fleets, schools, construction, etc. for 4 years or longer
6. What are the features, qualities & performance benefits of the product?
Centron is specifically formulated to perform as an "All in One" Performance & Preventative Maintenance fuel additive. Centron provides Lubricity to protect vital engine parts and Detergents to clean injectors & the fuel system. Centron is a fuel Stabilizer, Removes Moisture & Algae plus Increases Horsepower with a Cetane Boost of up to 8 points. Centron is also proven to Increase Fuel Economy by 10% - 20% thereby paying for itself plus Reduces Toxic Exhaust Emissions, Lowers Maintenance Costs & Extends Equipment / Asset Life
7. How is the product produced and under what quality control standards?
Centron is blended by Brenntag, an ISO 9002 quality certified company and global leader in chemical blending and distribution
8. Does the manufacturer stand behind the performance of its product?
Centron stands behind the performance of its product 100%. If customers do not achieve 2 to 1 minimum ROI during their initial 30 days of use they are entitled to a refund of the cost of the product. This is exclusive of maintenance & repair cost savings
